

Update from Bishop Colli re: Covid-19

- 1. A reminder to all Catholics that the dispensation from Sunday Mass is still in effect during this pandemic, but we encourage those who can, to come to Sunday Mass celebrations.**
- 2. We are maintaining the current protocols for parishes: masks must be worn; sanitizing of hands at the doors; social distancing; no shaking of hands; Communion received only in the hand; no socializing outside the church without distancing; and Parish meetings at a minimum with social distancing. We are still following the WorshipSafe document and the diocesan protocols.**
- 3. Masks must be worn when approaching the priest for Holy Communion, you receive holy communion in silence, and do not say Amen.**
- 4. On-line Masses may continue at this time on Parish websites and on the Diocesan website each weekend with Bishop Colli.**
- 5. Bulletins in churches are allowed, but must be printed early in the week and only picked up by parishioners and not distributed.**
- 6. Children's liturgy and children's cry room are to remain closed at this time.**

Further developments on these restrictions will be made known in future Monday Memos
